

**INSTRUCTIONS TO CREATE AN ACCOUNT ARE LISTED ON THE PAGE BELOW.**  
**FOLLOW THOSE INSTRUCTIONS FIRST, THEN COME BACK TO THIS PAGE.**

**If you have an iPhone, Android Phone, or portable device with an internet browser:**

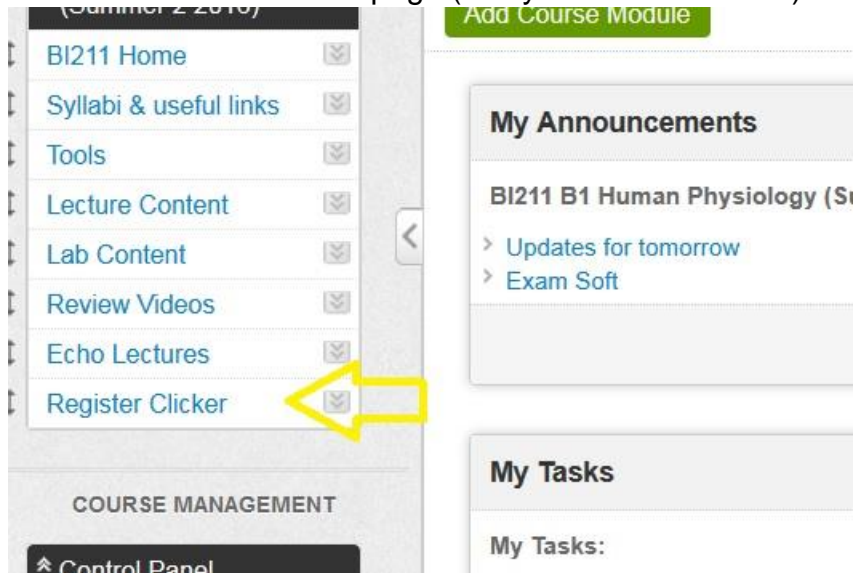

You may want to use the ResponseWare App. Although the app itself is free, it does not work unless you buy a One-Year ResponseWare license (\$20.99) directly from TurningTechnologies. To do that, you must first create a TurningTechnologies user account. If you expect to take other courses that use student response devices in future years (for example, biology and chemistry) you may wish to buy a 4-year license.

**If you do NOT have (or do not want to use) a portable device:**

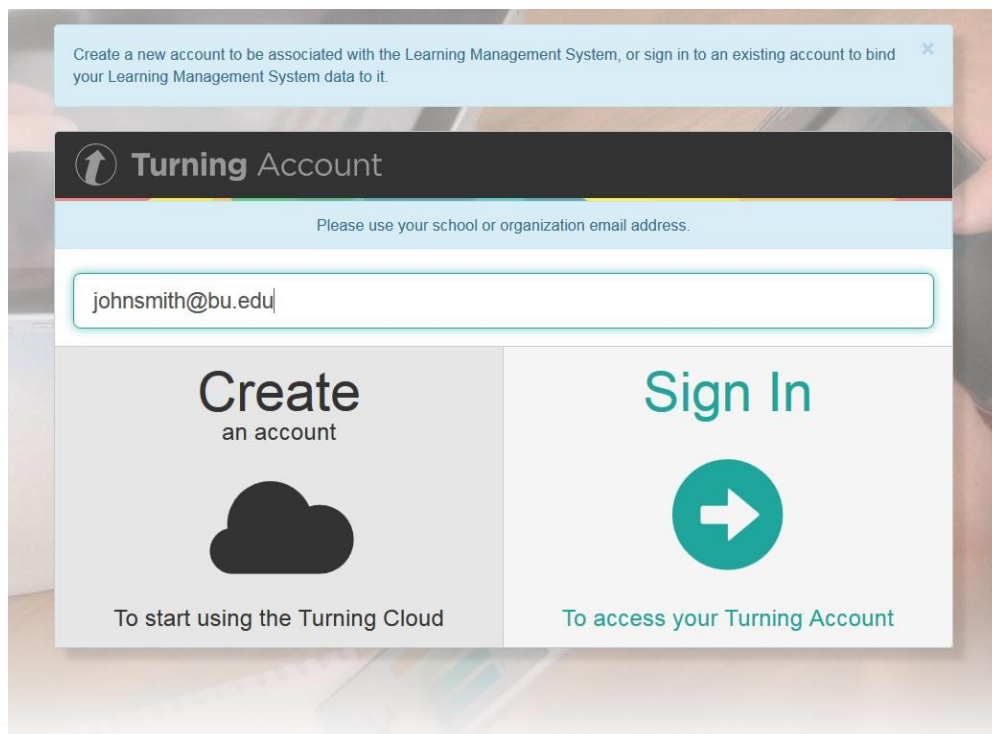

Then, you should buy a TurningTechnologies **RF-LCD** student-response card (clicker) with a license. The clicker works by itself, without a smartphone or other device. If you decide to buy a clicker, it is suggested that you buy a *new* **RF-LCD** ResponseCard at the BU Bookstore (\$66.57 tax included). The Bookstore clicker includes a 4-year ResponseWare license, so you will be able to use a portable smart phone as well, if you wish. The clicker with 4-year license includes a mail in rebate for \$20.99. **SAVE YOUR RECEIPT AND THE ORIGINAL BOX THE CLICKER CAME IN FOR THE REBATE.** The rebate form is located at:  
<https://rebates.turningtechnologies.com/>
